## SOMERSET CARE - COOKSON COURT, YEOVIL

Cookson Court is a purpose-built care home situated in a quiet residential area of Yeovil. This modern, architect-designed building is set in attractive landscaped grounds, being a care home it was essential to create welcoming feel in this contemporary space. Diana Ceella of The Drawing Room Interiors explains how they used colour and design to create a friendly stimulating interior. "The bistro area in reception is used by both residents and visitors. We wanted a contemporary design to fit in with new modern building that was vibrant, warm and inviting. We chose the Nia design from Harlequin for the upholstery in a fiery orange paired with cool grey to create an energetic, conversational atmosphere."
