DORMY CARE COMMUNITIES

Featured Homes: [Foxhunters](#) Monmouthshire, [Bramshott Grange](#), Hampshire and [Pine Martin Grange](#) Dorset.

Dormy Care Communities is an exclusive group of care homes offering luxury living with exceptional care. Founded by Helen Davies-Parsons, a registered nurse for 33 years and with over 27 years' experience in the care home sector, their focus is on providing the highest standards of care and support in the very best environments.

Each location has been carefully chosen, taking into account the local area. The range of outstanding facilities includes a coffee lounge, bar, cinema, gym, beauty salon and a selection of lounges and dining areas; all curated by Kelly Wilson Interiors (KWI), an award winning design company who provide an innovative, creative service for care homes.

Wendy Westbury, Director of Sales and Marketing [Dormy Care and Communities](#) comments, "When you walk in to one of our homes, visitors always comment on the beautiful décor and furnishings. This is thanks to Caroline and Alison at KWI. We have worked with these two lovely ladies on all of our projects and the finished results are outstanding. They have utilised their creativity and attention to detail to ensure every aspect of our home has the wow factor with furnishings that are contemporary, luxurious and homely."

Sanderson Design Group Contract worked closely with KWI, supplying fabrics and wallpaper from across their brands. Caroline Wilson of [Kelly Wilson Interiors](#) explains, "Each space has its own style and ambience, so working with Sanderson Design Group Contract gave us the creative freedom to select from across their distinctive brands. Fabrics and wallpapers from Sanderson, Harlequin, Zoffany and FR-One are used in reception areas, dining rooms, bedrooms, games rooms and even the hairdressers."
